

Santa Claus Is On The Move

by Aron and Kiljan Moroney

The waiting time is over, the seasons here again
Smiles on all the children and they hope it never ends.

And though it may be dark outside, a light shines from within
'Cause they know somethings happening, something unbelievable,
something oh so magical... it can only mean one thing

**Santa Claus is on his way, he's loading up the Christmas sleigh
He's checking lists, he's making plans, he's even doing a little dance.
Santa Claus is on the move, he's really in the Christmas groove
He's smiling, laughing, having fun.
He can't wait for the day to come!**

With all the decorations, the trees all look sublime
And children all around the world, love Christmas time.

Throughout the year, they've done their best and waited all this time.
'Cause they know somethings happening, something unbelievable,
something oh so magical... it can only mean one thing

**Santa Claus is on his way, he's loading up the Christmas sleigh
He's checking lists, he's making plans, he's even doing a little dance.
Santa Claus is on the move, he's really in the Christmas groove
He's smiling, laughing, having fun.
He can't wait for the day to come!**

Instrumental Solo

**Santa Claus he'll be here soon, humming all the christmas tunes
Bringing joy and spreading cheers, he really loves this time of year
Santa Claus is on his way, he's loading up the Christmas sleigh
He's checking lists, he's making plans, he's even doing a little dance.
Santa Claus is on the move, he's really in the Christmas groove
He's smiling, laughing, having fun.
He can't wait for the day to come!**

Lyrics and Music : Kevin Moroney
